THEO WALCOTT

Theo Walcott became England's youngest ever player aged just 17 years and 75 days when he made his debut as a substitute against Hungary in May 2006.

He only started playing football when he was 10 years old. That is relatively late for an English schoolboy. His talent was immediately obvious to his friends, family and school teachers. Theo quickly became a member of his local football club, A.F.C Newbury.

This is a club based in Newbury, Berkshire, near Theo Walcott's family home. The club was formed only in 1995. He played for this club as a junior before he joined his second club, Swindon Town F.C.

Theo Walcott played for Swindon Town's under-elevens side for half a season. After that he went to Southampton F.C.

After some impressive games for Southampton at the start of the 2005/6 season, the teenager moved to Arsenal Football Club in North London. It is one of the most successful clubs in England.

It was on 20th January 2006 that Theo Walcott completed his £12 m move to Arsenal.
